PO,

Find attached the latest round of products from our officials. I've included the track-changed versions as there are still a few items we need to come to ground on. I believe that the "clean" versions have been shared with CO.

Let me know your comments/concerns for the next turn. Feel free to give me a shout if you have any questions.

Subject: RE: Minister's Briefing | LTEP Update

Attached are the revised news release, backgrounder and postcard copy for discussion at today's LTEP briefing. We can walk through the clean copies at the briefing, but sharing tracked change versions in case there is interest in seeing how previous requested changes were addressed.

Thanks,
Martin
