Hi all,

On Thursday Minister Thibeault is scheduled to speak at an Empire Club luncheon in Toronto.

I've attached a draft of his remarks here. They include two bits of 'news':

- That IESO is issuing an RFI specific to non-emitting resources (page 17)
- That the government is appointing an OEB modernization panel (page 26)

Energy has prepared a news release re: OEB panel that would be posted to Newsroom shortly following the Minister's speech.

Please review and let me know if you have any feedback or concerns at your earliest convenience.

Thanks,
Bryan
