FYI - Thibeault's remarks to the OEA attached here.

I've made two suggestions:

1) 'For me, this process has been exciting, thrilling and incredibly challenging.' suggest eliminating 'exciting and thrilling'

2) would also suggest removing 'for an NDP document'.

Doesn't seem necessary to make the argument effectively

Let me know if you have any other feedback.

Thanks,
Bryan

Hi Bryan, hope you had a good weekend. These are still draft, but shouldn't change drastically between this version and when they're delivered tomorrow morning at the OEA breakfast. We have speech prep with the Minister this aft, so edits could come then.

Let me know if you have any concerns.

Thanks!
