Good morning

Checking in to see if there's any direction or feedback re: the energy scripts. We are moving quickly into pre-production and the AG pre-review package needs to be submitted as soon as possible.

Thank you!

Subject: energy update

Hello team

Attached is the energy scripts side-by-side. The left is the current one that you previously approved and the middle column is the recommended by the ministry/MO. There are a fair amount of changes to copy.

Also attached is the latest draft of the buck slip that apparently incorporates your changes.

Please advise how you would like to proceed.

Thank you!
