Hi everyone,
We've identified a few comments that we'd like to reply to from the Premier's Facebook and Twitter accounts. I've included the comments and our proposed responses below. Please let me know if you have any concerns or edits. I'd like to post these replies around 8 this evening.

Thanks!
Jen

Response: [@lalande_dave](#) I hear you. Hydro costs are too high. I'm working right now on a plan to bring bills down. Will share soon.

Chris Berg I choose each month weather to eat or pay hydro. How is your meeting with children going to help me.

Chris Berg I voted for you, but I cannot afford to pay my bills to keep you in power anymore.

Response: Hi @chris berg. No one should have to make a choice between eating and paying for hydro. This situation has been getting worse for a while, I know that. We all do. But it's up to me to fix it and that's what I'm committed to doing. You should have started getting 8 per cent off as of Jan 1. That will help a little but we need to do more. I'm working on a plan right now to bring bills down more and will share it soon. We will make it right.
