Hi Gillian – below is a copy of the email sent out in lieu of leg planning last week. As always, I am happy to hear any thoughts you have to ensure things are adequately flagged. The following critical questions were noted last week:

1. PO and GHLO comfort with all elements in the Health Bundle, including proposed new addition?
2. GHLO confirmation of potential intro date for MAID?
3. PO and GHLO confirmation if any of the three (now two I think) proposed December Bills is being considered for introduction on the Dec 7th vs Dec 8th?

Subject: Update & Critical Questions on Fall Items < RE: Legislative Planning

Good morning,

In lieu of a regular face to face meeting this week, we felt it was still appropriate to send a quick update on items and also provide an opportunity to note – in writing – a few critical questions on Fall items going into next week. You will also notice that next week's legislative planning will shift the focus on the spring items.

With that in mind, please find attached:

- An updated – yet draft – summary of proposed Bills that are tracking.
 - The Fall lists notes updates and some questions.
 - The Spring list reflects the conversation/direction from last Thursday. However, ongoing conversations between CO and PO policy on items in the “bucket list” will help to provide additional information for next week's meeting on spring items.
- Top three critical questions that would be helpful to confirm by end of week.
 4. PO and GHLO comfort with all elements in the Health Bundle, including proposed new addition?
 5. GHLO confirmation of potential intro date for MAID?

6. PO and GHLO confirmation if any of the three proposed December Bills is being considered for introduction on the Dec 7th vs Dec 8th?

Please let me know if you have any questions. Thank you in advance.
