Mary ,

Upon review of the information in this presentation, the Total Bill calculation on page 19 did not reflect the full OESP credit. As a result, the original document had a higher Total Bill than would occur under the scenario. The revised Total Bill is \$3 lower at 250 kWh, \$9 lower at 750kWh, \$15 lower at 1200 kWh, and \$26 lower at 2000 kWh.

The figures and information supporting this chart have not changed.

Please do not hesitate to contact us if you have any questions about the content.

Rose
