Good evening,

In follow-up to my email from yesterday, as supplementary, I was also planning to distribute the attached as a summary of government legislation passed since July 2014.

Similarly to the document I shared yesterday, please let me know if you have any comments prior to distribution tomorrow.

Thank you again.

Lucia

Subject: Proposed Materials < Winter/Spring Leg Discussion

Hi Gillian and Beckie,

In follow-up to the discussion at last week's leg planning, and some further work with ECs, I would like to gauge comfort with providing the attached to support Thursday's leg planning discussion with the broader PO/CO group. I will also work on a 2-pager that lists the government legislation passed during this Parliament (i.e. since July 2014).

Please let me know if you have any comments/concerns with the attached, and specifically:

- Should any PO priorities/items be added to the attached list before circulating?
- Comfort with PO/GHLO opening up the discussion?
 - o I'm happy to go through the existing list, or we can skip that and have a more high level discussion
 - o Note that there are some points for discussion in the existing list, e.g.
 - § Have a Labour Bundle?
 - § All rest in Doc (Winter) Bill?
 - § Is there a natural Indigenous Bundle?
- Comfort with having a PO/CO roundtable?
 - o This could confirm if there are any commitments that should still be captured or other ideas.

If you have any other thoughts on making the most out of the 45 minutes together, please let me know.
Thank you
