Thanks that's great. 20 pages is easier to schedule time for. Will let Bevan know it's coming.

Subject: Deck for "Price Curve" discussion

Hi.

As just discussed at our LTEP meeting with Gillian we are keen to get you a short deck for the (now 12.30) meeting tomorrow on Fair Hydro Plan / LTEP price curve considerations.

Commitment to a very short deck. 20 slides.

Some officials who are integral to finalization of some numbers departed due to child care considerations. They need to deal with that and then get back on line as soon as they get home.

So deck is promised for before 9pm; and it will be a short (in Energy terms).
