Let us know when things have landed. If brokering is on proceed wording, just want to ensure tbs is also looped in.

Happy to jump on a call if that's easier.

I also understand from energy that OCEB is back in? Not sure if we've landed the reg making authority yet. I sent you what energy sent, basically my understanding is because we aren't pointing to definition of consumer in another act (like OEBA) we have defined consumer here in this Act, if at some point we change who is RPP for example, we'd need to change this new Act and as opposed to opening up the leg, we could change consumer groups through reg.

Thanks!
Martha
