4.0 Definition of Support

It is understood that the traditions, practices and precedents of the Ontario Legislature are that individual bills are not considered matters of confidence unless so designated by the Government.

We undertake the following:

1. The Leader of the NDP Party will not request a dissolution of the Legislature during the term of this agreement, except following defeat on a specifically-framed motion of non-confidence.
2. The NDP Party will neither move nor vote non-confidence during the term of this agreement.
3. While individual bills, including budget bills, will not be treated or designated as matters of confidence, the overall budgetary policy of the Government, including the votes on supply, will be treated as a matter of confidence.
4. To advance the initiatives identified in Schedule 1 and 2. These objectives are not an exhaustive list of the initiatives the Liberal Government or New Democratic Party Caucus will advance, but are areas where we agree on shared values and outcomes for Ontarians.
