Hello,

Thank you to those who attended the recent Cabinet Office (CO) ministry information session on CO's Multi-Year Action Plan (MYAP) and the Digital Risk Tracker Pilot (Tracker). We have emailed your ministry delegates new login information for the Tracker.

Attached is your ministry's first bi-weekly MYAP slice – and below are a few Q&As regarding the slice and how your ministry may wish to use this information.

What are bi-weekly MYAP slices?

- MYAP slices contain information on the key activities your ministry leads and supports.
- MYAP slices are being shared with ministries for informational purposes and to foster greater transparency between CO and leading/supporting ministries.

Key activities your ministry may consider updating:

- Below is a list of all key activities which your ministry leads. The highlighted key activities have **incomplete** or **outdated risks** that you may wish to consider updating.
- You may also be asked to update risks based on upcoming policy approvals, changing circumstances, ad hoc requests, etc.
- To review CO's latest updates to key activities or to suggest a risk update, login to the Tracker http://intra.test.risktracking.pil.gov.on.ca/
- If you have **milestone** updates, please discuss with your CO policy advisor.
