Update (Oct 27): Location and time confirmed. I will aim to keep it tight, focusing on some key changes to the Fall items but mainly insights into the timing/bundling for the Spring 2017 list. Please bring any draft changes you have with you on the grid itself as I will need to consolidate very quickly after to send out for tomorrow's meeting.

Hi ECs,

At this week's leg planning meeting, PO asked that next week we go over the Spring 2017 list in more detail to determine readiness, etc. With that in mind, I thought it would be helpful to talk through the order/bundling, tracking, etc. as a group before taking it to that table. It may also be an opportunity for you to check in with your ministries to see if there are any time sensitivities or other items that haven't been captured.

I suspect next Friday's meeting will start the strategic discussion for Spring, so if a bit more time is needed with ministries, I suspect that should be fine.

If the proposed meeting time doesn't work (which would be the latest possible time), please let me know if you have any suggestions for earlier in the week. I will also send out the grids for updating/reference.
