Hi ECs,

In preparation for Friday's meeting, please find attached the components of an updated leg planning tracker (summary and details). You will note that Fall priority items also have some preliminary drafting considerations noted in the summary and details.

This is the version that will be used (as draft) for the SoC binders. If you have any changes or edits (particularly where there are blanks for descriptions), please let me know by Wednesday end of day.

Thanks!

Lucia Frndova
