Hello,

Attached to this email is your ministry's bi-weekly Multi-Year Action Plan (MYAP) slice which contains information on the key activities you're leading and supporting.

As a friendly reminder, please note that the MYAP slices are also generated for the purposes of supporting Cabinet decision-making, therefore this information is **Cabinet Confidential**. For this reason, we recommend that all updates be Deputy Minister approved and be reviewed by your Minister's Office.

To review your Cabinet Office advisor's latest risk updates or to suggest an update at any time, [login](#) to the Tracker .

A New Dashboard for You!

Cabinet Office has created a ministry dashboard that will provide you with a summary of the completed and forward-looking policy and delivery milestones; the number of key activities you're leading and supporting; as well as data about all of the risks associated with your key activities.

Examples of how the dashboard could be used:

- Review a summary of your ministry's key activities and their associated risks
- Visualizes and provides greater insight into general progress of key activities
- Help facilitate internal briefings with senior management
- Help prioritize and manage key activities with high risks

To view your ministry's dashboard, [login](#) and click on the "Portfolio Dashboard" menu item.

Similar to the other information that's contained in the Digital Risk Tracker Pilot system, this dashboard is also **Cabinet Confidential**. Please use discretion if you choose to circulate or use the information contained in the dashboard for internal purposes.

We would love to hear about how you are using the new dashboard. Feel free to send us your feedback and questions to Delivery@Ontario.ca.

Thanks,

The Strategy and Delivery Team

Strategy and Innovation Branch, Cabinet Office
