Hello,

Attached to this email is your ministry's bi-weekly Multi-Year Action Plan (MYAP) slice which contains information on the key activities that you are leading and supporting.

Following the release of the 2017 Budget, Cabinet Office has updated information the Digital Risk Tracker Pilot system (the Tracker), including the key activities captured in the MYAP by:

- Adding the Budget as a new commitment source (see the key activity info tab in the Tracker)

- Adding new policy and delivery milestones to capture key dates laid out in the commitments

We ask that you please consider the following as you review your key activities:

1. Which risks should be updated to reflect changing conditions or new commitments? (risk updates can be made in the Tracker and submitted electronically for Cabinet Office review)
