FYI

Ask is \$7.4M and they are only targeting LRC and TBMBC approvals. Question: are reg changes related to doc initiatives expected to track on the same timeline as leg ones? I.e. Feb 6th is what we had been telling ministries?

Hi Tim,

We're looking to expand the First Nation Delivery Credit to Band-owned buildings. I don't believe policy approval would be required, but reg amendments would likely be needed.

Thanks,
Martin

Okay. Thanks. Are you able to share the name of initiative and if there are any approvals projected (i.e. policy approval, or LRC)? Appreciate the help!

Apologies for the weekend email. Has Energy put forward any proposed Doc initiatives through the MOF templates? Can you please send my way too if so?

Thanks!

Tim
