Hi Phil:

FYI from Energy on bills. Energy advises that finals will not be ready today, and based on the comment below on the other reg, there appears to be some risk that it may not be ready for binder publication next week. The LRC co-chair has apparently requested that, given the number of items on the agenda, that the binder be as complete as possible upon publication early next week, so ECO staff are trying to avoid the need for subsequent publications unless absolutely needed.

At the moment this item is not on the agenda and we will need to take action soon in order to get it back on if this is the call. Let me know if you would like to discuss.

Thanks

Hi Tim,

Staff have prepared most of the Bill Redesign LRC package. Attached is:

1. Comms snapshot
2. PRIA
3. Regulation Comparison Chart
4. LRC form
5. Reg 196/17

O. Reg 195/17 is not yet included as drafting of amendments is in a preliminary state at the moment.
Thanks,
Martin
