Hi friends:

ENERGY is proposing to track to the April 16 LRC with a proposal for :

1. Amendments to the Net Metering regulation (O. Reg. 541/05) expanding net metering eligibility to include new ownership models;
2. Amendments to the General regulation (O. Reg. 389/10) under the Energy Consumer Protection Act, 2010 to ensure appropriate consumer protections are in place for the new ownership models; and
3. A new regulation under the Electricity Act, 1998 to ensure appropriate siting restrictions are in place.

A draft LRC note is attached for fact check by your ministries by EOD April 4th. Kelly, I am sending to you for MOF with both Maureen and Christine away today.
