Hi:

Energy is proposing to track to LRC March 26 with proposed amendments to O. Reg. 275/04 to increase flexibility and compliance options for LDCs and USMPs and to clean up the regulation to remove provisions and references that are spent or no longer required, such as the debt retirement charge (DRC).

Attached is the draft LRC Note for Ministry Fact check by EOD March 14:

MOF (and OFA)
TBS
MAG (con law specifically)
ENERGY

Thanks!
