Hi ECs,

In follow-up to some prioritization work underway within MAG and OLC, I wanted to refresh some of our products in case we were asked to support a prioritization exercise.

Below is the latest grid which was originally developed to identify priority, contentious and/or flagship LRC items stemming from government commitments. Please take a look, as I was hoping to sit with the ECs to rate each item as 1 – must do by writ; 2 – good to do before writ; and 3 – nice to do but not necessary before writ. I hope this time works in all calendars, noting we may go a few minutes overtime. Feel free to send any comments beforehand.

To help, tomorrow, I will also attach the latest draft agendas which provide a description of each item and the rest of the routine items.

If you have any questions, please let me know.
