Importance: High

Hi all,

Please review the below list of LRC items for the remaining 6 LRCs before the writ and:

- 1) Add any items that are missing (major items only: high profile regs, legislation, energy items...)
- 2) Slot LRC items against *approximate* dates (these are not locked in stone but should not be a surprise to the ministry if the list is shared with them). Where tracking is mostly shaky (read: form work, fair wage) please put TBC next to the item but do slot it against our best estimate given what we know of the work to be done and political priority.

Please send me a consolidated list by EOD, as we have a meeting tomorrow morning to discuss. Feel free to send me any questions by email – I am unfortunately back to back today but will do my best to multitask!

Thanks,
Karen

Subject: 2018 Legs/Regs Items

- a meeting will be set up on Tuesday to discuss with ECs, but please feel free to send me thoughts beforehand -

Hi Everyone,

Understanding that the time until the possible writ is coming quickly, the Deputy has asked for an overview of the leg/reg landscape from January to April/May. Building on the good work that James is doing with the calendar, I would like to populate the planning calendar with **potential bigger profile 2018 leg/reg items**. This will *not* be ALL items, simply leg, and regulations/OICs that either implement significant policy initiatives or recent government legislation.

There are 6 LRCs before the writ: 1 in January, 2 in February, 2 in March, and 1 in April. Ministries will need to work ahead to ensure that reg registry postings, etc. are done well in advance, as postings would most likely not be allowed after April (and they won't have venues for approval either).

To make your lives easier, I've done some research and kept my keep my eyes/ears open for potential items in MOSAIC, MYAP, in recent policy minutes, leg tracker, and looked through recent leg to see where proclamation is required. So here is my list with portfolio items grouped together, please add/remove/change as appropriate.

Already Scheduled or Confirmed:

January 23, 2018

- MGCS – Elevator Availability (LEG) → *is this even possible given policy track?*
- ENERGY – Fair Hydro: OESP Changes (OIC, REGs)
- MAG – Construction Act Proc (OIC)
- EDU – CYFSA Implementation (REGs) → *is there a bunch or just one?*
- EDU – Reverse Education Tuition Agreements (REG) → *confirming no leg attached to this, per leg tracker?*
- MNM- Mining Act Modernization implementation (OIC, REGs) → *Is scheduled but was left off as perhaps it is not considered high profile enough? It is the culmination of the MAM process, so we may want to include it in the list.*

February 6, 2018

- MCSCS – Corrections (LEG) → *still to be scheduled in MOSAIC*
- MSW/MOL – ~~Parental Leave~~ Women Powering the Economy Strategy implementation (LEG) → *NEW item (TBC) (Note: There are a couple of recommendations that could require legislative changes (i.e., parental leave and increased pay transparency) tracking to Jan 24 Cabinet and decisions regarding these components are still outstanding, including how they would be implemented. Suggest revising the name to “Women Powering the Economy Strategy implementation” as a placeholder. Also note other ministries could be responsible for legislative changes such as MOF or MGCS)*
- MOL – WSIA/PTSD (LEG) → *still to be scheduled in MOSAIC*

February 20, 2018

- ~~MGCS – EVs in Existing Condos (OIC, REG)~~
- ~~MOL – WSIA (LEG) (PTSD; Fair Wage) → still to be scheduled in MOSAIC (TBC) (Note: Timing of Fair Wage costing analysis and CAB/TB tracking is TBC)~~
- ~~MOL – Formwork (LEG) (TBC) (Note: Timing of advice / analysis on Burkett recommendations and CAB tracking is TBC) → with other MOL Feb item?~~
- ~~MOL – Fair Workplaces Implementation (REGs) → additional bunch? (TBC) (Note: Exemptions review consultations end Jan 31, 2018, unclear if regulatory changes with respect to the review would track at the same time as other changes that may be needed to implement Bill 148 as well as regulation with respect to extending successor rights to contracted home care services)~~
