Tim and I spoke to Martin. Min Thibeault not avail Sept 6. Martin believes their MO has 'sensitized' PO to this request to delay the LTEP approvals, but we've not heard it from Phil or Gillian.

With respect to the briefing for SoC and AB on the curves, they have the modelling from the IESO and will be ready to go whenever it is rescheduled.

Hi Tim,

Apologies for the delay in getting back to you on this, but below are some updates on the proposed timing of these items (blue font).

Let us know if you have any questions or concerns.

Thanks,
Martin

Aug 29 LRC

- LTEP frequency reg (need materials soon to support item and TAED request)
 - Still tracking to August 29 LRC (TBC).

Aug 31 MTCC:

- Overnight Charge (Multi scheduled for Aug 24)
 - Update already provided to CO about pushing these items to a later MTCC date. Minister of Energy not attending.
- First Nation Micro grid proposal (is this still on track for this week? No multi scheduled as previously discussed, but need to see materials soon if that approach is going to hold)
 - Update already provided to CO about pushing these items to a later MTCC date. Minister of Energy not attending.

Aug 31 Cab

- LTEP modelling (multis scheduled etc.)
 - Energy would like to reschedule this to the September 13th Cabinet.

Unassigned- need to discuss where you think these might track to

- OFHP reg re FSM fees and OEB oversight- when needed etc.
 - No clear timing on OFHP meetings at this time.
- Possible OFHP reg pending outcome of Aug 16 briefing
 - No clear timing on OFHP meetings at this time.
- Possible OFHP reg amendment related to technical implementation issues
 - No clear timing on OFHP meetings at this time.
- LTEP OICs (LTEP doc and Implementation directives) –
 - Track to October 18th Cabinet, as a result of the LTEP modelling delay.
- Possible direction re QC discussions
 - Remove from Tracker.
- Green Button- confirmation from PO of support for inclusion in FES. ENERGY to work with MOF and track to LRC in time for inclusion
 - Aiming for September 25 LRC date, which we understand is the last date to ensure inclusion in the FES.
- Net Metering- confirmation from PO of support for inclusion in FES. ENERGY to work with MOF and track to LRC in time for inclusion
 - Aiming for September 25 LRC date, which we understand is the last date to ensure inclusion in the FES.

Hi Martin and Hillary:

Just following up on this as we didn't connect on Friday. Hillary do you have any time to chat this afternoon?

Thanks

- LTEP frequency reg (need materials soon to support item and TAED request)

Aug 31 MTCC:

- Overnight Charge (Multi scheduled for Aug 24)
- First Nation Micro grid proposal (is this still on track for this week? No multi scheduled as previously discussed, but need to see materials soon if that approach is going to hold)

Aug 31 Cab

- LTEP modelling (multis scheduled etc.)

Unassigned- need to discuss where you think these might track to

- OFHP reg re FSM fees and OEB oversight- when needed etc.
- Possible OFHP reg pending outcome of Aug 16 briefing
- Possible OFHP reg amendment related to technical implementation issues
- LTEP OICs (LTEP doc and Implementation directives)
- Possible direction re QC discussions
- Green Button- confirmation from PO of support for inclusion in FES. ENERGY to work with MOF and track to LRC in time for inclusion
- Net Metering- confirmation from PO of support for inclusion in FES. ENERGY to work with MOF and track to LRC in time for inclusion
