Thanks Ewa! There are a few places, where the TBC may need to remain (e.g. future intro target dates).

Some more specific qs on your teams items that I was hoping you could clarify:

- Changing Workplace Review – is there a more specific LRC month we could flag?
- Elliot Lake – is there a potential LRC date/month?

Subject: Confirming Changes & LRC target months for Fall items < Leg Planning Tracker

Hi ECs,

In preparation for Friday's meeting, please find attached the components of an updated leg planning tracker (summary and details). For this week, I have one specific request:

- For any **Section 3.1** (Fall 2017 Intro & Pass) items, could you please ensure that you fill out a **target LRC date**?
 - o I recognize that the Cabinet/Committee calendar is still being finalized for the Fall; however, you could indicate the month that it is targeted to come to LRC and we could plug in specifics later.

The attached is the version that will be used (as draft) for the DM and SoC binders. If you have any changes or edits, please let me know by Wednesday end of day.

Thanks!
