Subject: Confirming Mandate Timing/MYAP - Leg Planning Calendar

Hi ECs,

In follow-up to some questions and suggestions, attached is the most recent leg planning calendar that highlights/includes the following:

In Summary grid – highlights in yellow all the newly articulated mandate commitments that were added and/or where mandates show timing commitments

In Details grid – in red font articulates the mandate timing, where applicable, and adds MYAP numbers.

These additions were provided through the help of SRB using a broad review of the MYAP tracker (see attached grid FYI). By Wednesday noon, I was hoping that you could:

Confirm the mandate commitments and timing requirements

Confirm the MYAP numbers and whether this information is useful to keep up to date/track as part of this calendar. I recognize that at this point, it would need to be written in manually.

If it would be easier, I'd be happy to schedule a time to review together or do a quick walk-around. Let me know what is easier for you as I would want to ensure that you have a chance to review before we flip out this version for Thursday's meeting.

Also, any other changes/updates you have can be provided to me before Wednesday noon as well. Some of the ones that I learned about today are already integrated.

Thank you for your help.
