Hi Karen,

Please find attached a revised LRC BN based on the action items summary you provided. Just wanted to see if you have any additional questions to add before I send to ENERGY. I plan on asking for their initial feedback along with any draft materials by EOD today.

Thanks,
Rebecca

Subject: Draft LRC CBN Fair Hydro Plan Implementation

Hi Karen,

Please find attached an initial draft of the LRC CBN on ENERGY's proposed OFHP implementation regulatory amendments bundle. I wanted to give you an opportunity to make any revisions or include additional questions before sending to ENERGY.

I also contacted TBS regarding whether TB/MBC approvals would be required. I spoke to the team lead on this file and they were not in a position to advise without additional details. I included a question for ENERGY in the note asking to confirm if TB/MBC approvals are needed.

Happy to discuss / make any changes before sending.

Thanks,
Rebecca
