For SSO, I moved up a bullet and deleted another.

Tim, end bracket now added.

Ewa, over to you, please and thanks.

Looks good on energy items. As discussed, closing bracket for OESP under OFHP is the only addition.

Hi all,

Attached is the latest MYAP Priorities document for the DM. You will notice that it has been trimmed down significantly by the DMO so there is much less detail / intro information. The focus is more clearly on current status and a very concise risk summary. I've taken a cut at updating our items, including adding a new one (Corrections Reform). Please review and edit as necessary and return to John Johnston by Monday at 3pm.

Thanks!
Karen
