Hi Karen,

Attached is the revised pink note, with our changes to the minute included. The minute in the pink note doesn't track against your edits, so I'm also attaching a word version of the minute that shows track changes compared to the version you shared through the pink note.

In terms of Treasury Board's changes to the minute, below are our proposed edits to that. I haven't yet incorporated that into the minute, but I can do that now, if you'd like.

5. ENERGY to report back to Treasury Board/Management Board of Cabinet prior to the release of LTEP on the program design, implementation plans, and **work with Treasury Board to identify** a funding offset strategy for the Smart Grid Fund and International Energy Demonstration Fund pilot, **including:**
- A. Up to \$60M over five years for the Smart Grid Fund; and**
 - B. Up to \$10M for the International Energy Demonstration Fund.**

Let me know if you have any questions.

Thanks,
Hillary

Hi Karen,

I wanted to flag that we likely won't have changes to send for about an hour or so, we have some folks who are inaccessible until then. We'll get these to you as soon as possible.

Thanks,
Hillary

Hi Martin, Hillary,

Any comments on the proposed revised minute?

Thanks,

Karen

Hi Karen,

When do you need to get final comments on the minute for the mailout?

Thanks,
Martin

Importance: High

Hi Martin, Hillary,

Apologies for sending this to you if it should go to your corporate policy shop instead. Feel free to let me know who to redirect this to.

For the LTEP item tracking to Cabinet next week please deliver **60 copies** of the ministry material to Executive Council Office by **8:30am tomorrow** morning. This includes the signed deck, two appendix

decks and the CO/PO comms approved Communications Snapshot.

Please also ensure that final material are **uploaded to mosaic once hardcopies are signed/delivered**.

Feel free to contact me if you have any questions.

Thanks,
Karen
