Hi Karen,

Highlighted sections in response to your comments on this note.

I'm still looking for some more language in relation to linkages with the climate change strategy – past notes on ICI don't give further detail on this section.

Let me know your thoughts, ENE hasn't given us a final signed copy and didn't give us permission to post a draft LRC note.

Thanks,

Hello Keley,

See attached draft LRC analyst note on ICI scheduled for the April 10 LRC.

Can you have the attached fact-checked the and questions answered to the comments embedded in the note by 3:00 p.m. today.

As well, do you have an ETA on when signed, final materials will be delivered to ECO? If you don't have the materials delivered by tomorrow morning, would you be comfortable with the draft pink note going into the LRC binder?

Thank you,

John Johnston
