Hi Lucia,

Please find attached draft proposed amendments to O.Reg. 206/17 and draft Ministry Approval Form for ENERGY's Fair Hydro Plan Implementation LRC item tracking to the 30th. We understand that ENERGY will provide updated regs and approval form today.

I also wanted to flag that MOSAIC includes three other regulatory items from ENERGY related to Fair Hydro Plan implementation that the ministry has confirmed they no longer plan to proceed with (listed below). The Ministry has advised that they cannot delete these items through Evista. Is this something that would be done by your team?

- **Supporting the Implementation of Ontario's Fair Hydro Plan (OFHP) - O. Reg. 195/17** : The Ministry of Energy is proposing to amend Ontario Regulation 195/17 made under the Ontario Fair Hydro Plan Act, 2017, in order to enable the implementation of Ontario's Fair Hydro Plan under the Ontario Fair Hydro Plan Act, 2017.
- **Supporting the Implementation of Ontario's Fair Hydro Plan - Amendments to Ontario Regulation 429/04** : ENERGY is proposing to amend Ontario Regulation 429/04 (Adjustments Under Section 25.33 of the Act) made under the Electricity Act, 1998, in order to enable the implementation of Ontario's Fair Hydro Plan under the Ontario Fair Hydro Plan Act."
- **Supporting the Implementation of Ontario's Fair Hydro Plan - OFHP Fees Regulation:** ENERGY is proposing to make a new regulation under Ontario Fair Hydro Plan Act, 2017 (OFHPA) in order to enable Ontario Power Generation, as Financial Services Manager, to establish and charge fees for the services it provides in connection with the financings contemplated under the OFHPA.

Many thanks,  
Rebecca
