Thanks, all! Tim – I spelled out GA in the Fair Hydro row. Otherwise, no further changes.

Will share with Jay and copy Martha. Please share rows with ministries.

Importance: High

Hi team,

Martha just pulled me into a meeting to act as Karen (Sam I think your door was closed ☺) re the PDG deck and edits that the SoC and DM want to see by EOD:

- 4th column in the chart changing to Key Considerations/ Risks. Please confirm the bullets in this column in light of this change
- Confirm consistency of items that flag fiscal implications. Sam, Martha mentioned the Justice items and adding something like “outside the current fiscal plan” etc.
- I will take care of the Energy edits.
- Please share your specific row with your ministries to ensure there are no surprises (but not the full deck)

Will pass along the power point version when I have it, but have attached the PDF for now so you can have a look at the version that the comments were provided on.

Thanks!
