Hi Martin,

We do have some direction on the LTEP briefing schedule and overall timelines from the PO that we would like to discuss with you. Let me know when you have a few minutes to discuss today.

Thanks,
Karen

Hi Karen,

I'm just touching base to see if there has been any progress with scheduling the remaining bi-weekly LTEP briefings with PO. Let us know if you have any questions about the schedule below.

Thanks,
Martin

Hi Karen,

Attached are two decks that we'll use to brief PO at Wednesday's fuels briefing. We'll be bringing in Navigant to brief on the first deck.

I also understand our MO talked to PO today about LTEP and the briefing schedule, and PO was comfortable with the schedule in the email chain below. This includes cancelling the PO briefing scheduled for next week.

Happy to discuss.

Thanks,
Martin

Thanks for the heads up Martin. We will connect with PO and confirm the schedule and timing.

With respect to May 23, we are holding a time in PO/CO calendars but it seems the invitation was sent to Keley, not you, so wouldn't have made it into Energy calendars. My apologies. I have corrected this and once PO confirms the schedule we can cancel that meeting (or proceed, if needed).

Cheers,
Karen

Hi Karen,

Given the OFHP has been taking up a very significant amount of our Ministry's time in the last little bit, we're going to need a little more time on most of these briefings. We're still ready to come in next week to brief on Fuels, but the rest of the bi-weekly meetings would need to shift out a couple weeks. Below is a revised schedule that we propose. Our minister's office is reaching out to PO on this new timing as well.

Previous Date	Proposed New Date	Topic

May 17, 11am-12pm	No changes	Fuels Update
May 31, 4-5pm	No changes	Conservation – IESO Update on Achievable Potential Study
Week of May 23 (to be scheduled)	Week of June 12	Innovation and Customer Choice Update
Week of June 12 (to be scheduled)	Week of June 26	Supply and Demand Update
Week of June 26 (to be scheduled)	Week of July 10	Draft Cabinet Submission
Week of July 10 (to be scheduled)	Week of July 24	Final Cabinet Submission

Let us know if you have any questions.

Thanks,
Martin

Hi Hilary,

Thanks – will set it up shortly.

We are waiting for PO to confirm the June and July schedule. I understand there are discussions happening on the overall timing of LTEP that may impact the briefing schedule. Will keep you posted as I learn more!

Cheers,
Karen

Subject: RE: PO biweekly briefings on the LTEP (CO/PO/ENERGY)

Hi Karen,

May 23 is the best day for us that week. Anytime from 1pm-5pm would work.

Are you still working on scheduling the briefings in June and July? Let us know if you need anything from us for those.

Thanks,
Hillary

Subject: RE: PO biweekly briefings on the LTEP (CO/PO/ENERGY)

Hi Hilary,

Thanks for letting me know. I do not believe there will be appetite to push the entire LTEP schedule out by a week, so I would suggest instead we add a briefing the week of May 23. Please advise on days / times that work on your end.

Thanks,
Karen

Subject: RE: PO biweekly briefings on the LTEP (CO/PO/ENERGY)

Hi Karen,

I'm covering for Martin today. Unfortunately briefing on both fuels and on Innovation and Customer Choice in one day would be very challenging. If next week's meeting is cancelled, it would be best if we could update on fuels at the next bi-weekly meeting, and then push Innovation and Customer Choice to the next week. This would make the final bi-weekly meeting now July 17, per the below revised schedule.

Let me know if you have any questions.

Thanks,
Hillary

Date	Topic
May 17, 11am-12pm	Fuels Update
May 31, 4-5pm	Innovation and Customer Choice Update
Week of June 12 (to be scheduled)	Conservation – IESO Update on Achievable Potential Study
Week of June 26 (to be scheduled)	Supply and Demand Update
Week of July 10 (to be scheduled)	Draft Cabinet Submission
Week of July 17 (to be scheduled)	Final Cabinet Submission

Cc: Armstrong, Hillary (ENERGY); Hindmarch-Watson, Tim (CAB)
Subject: RE: PO biweekly briefings on the LTEP (CO/PO/ENERGY)

Hi Martin,

Great to hear from you. Unfortunately the May 3 timeslot no longer works on this end, so the meeting has been cancelled. We propose that Energy merge the Fuels update with the Innovation and Customer Choice Update scheduled for May 17.

Please let me know if you have any concerns with that approach.

Cheers,
Karen

Hi Karen,

Hope all is well.

We noticed that there is no longer a bi-weekly LTEP briefing for PO in the calendar on May 3. We wanted to confirm whether that meeting for next week is cancelled, or if it is/has been moved somewhere else. I believe the next bi-weekly we have in our calendars right now is on May 17 from 11am-12pm.

Happy to discuss.

Thanks,
Martin

Hi Keley,

I understand that PO is still very interested in having biweekly briefings on LTEP, so if the below dates / times do not work on your end could you please send over some dates / times that we can schedule for? In terms of the next LTEP biweekly (April 19), Phil has asked for an update on market renewal, with IESO in attendance. He has asked that the meeting take place that week.

Happy to discuss.

Thanks,
Karen

Hi Karen,

Just checking in to ensure the bi weekly meetings will be cancelled on the following dates?

- April 19, 4-5pm – PO wants a market renewal update this week, including IESO. If this date doesn't work, then another date that week, please.
- May 3, 11-12
- May 17, 11-12
- May 31, 4-5pm

Good afternoon,

The following are some options;
Wednesday, April 5th between 1:30-3pm
Thursday, April 6th at 2:45pm.

Hoping that one of these might work, please let us know.

Thank you,
Francesca

Hi Keley, following from your CoS email yesterday – we'll remove the March 29th briefing.

Can you give me more specifics on what would work for the week of April 3 (and days/times that don't work for your DM and CoS would be helpful when we're working with the PO schedule).

Also, please provide draft materials for the two April 10th LRC items asap.

Thx, Megan

Energy probably cannot accommodate this overly aggressive timeline, unless the decision has now been made to punt Legislative implementation of Ontario's Fair Hydro Plan to the Fall Budget Bill instead of Spring?
