Apologies for the extra traffic on this one. I have built out the MOF item as it was confirmed to be tracking. Copying Nancy so she is in the loop.

Sorry, one further comment on this. I was expecting an Energy/MOF item to be on the chart related to OFHP. TBS is looking into it for me.

Attached with my edits.

Apparently it is uncertain if either of these items are going to track to the next meeting. I have significant concerns about bringing them in on the ONTC 10 year capital plan that doesn't account for the ICB proposal. I've made a recommendation in the linkages chart, but am not certain if it is the right forum for this. Happy to discuss.

Thanks,

Good morning,

The next regular TBMBC meeting is scheduled for September 26 (possibly being moved to the 25th), 2017 and reporting into Cabinet October 4, 2017.

Please find attached a draft of the Policy Linkage Placemat to support the Deputy at the upcoming Chair's briefing.

I have included items from the draft TBMBC agenda, and pre-populated information in the placemat. but I would look to ECs/advisors to provide additional key policy linkages, recent (or upcoming) policy decisions, trips to committee, fast track requests, and/or a bullet on relevant policy background/context. This information should not typically exceed 2 – 4 bullets in the policy linkage column. If additional info is required we can attach a CBN, as needed.

I would ask that you please provide input in track changes and return by end of day Tuesday September 19 or earlier.

Thank you as always for your collaboration on this document,

Joe
