Hi Karen,

I tweaked the RTA reg amendment language, to reflect some feedback from Anne. I also added a sentence re cost to transfer the OESP from the rate-base to the tax base.

Let me know if you would like to discuss.

OESP final materials, including signed originals, have been submitted to the LRC team. We are in good shape for the LRC release tomorrow morning, if you are okay with the note too.

Thanks!

Sam

I should also add for your info that ENE fact checked the note. Thanks!

Hi Karen,

Attached is an updated LRC note for the OESP item tracking to LRC on April 10. I addressed some of your comments in this version. Am happy to discuss in the AM.

The revised note is with TBS. Felix and I were unable to connect today but are aiming for the AM.

I shared the note with Sebastian and Anne on the fourth floor, given the linkages/considerations re social services eligibility/coordination and the RTA reg amendment re natural gas charges.

ENERGY's materials are signed and will be delivered to ECO tomorrow.

Thanks!

Sam
