Hi Karen,

Attached is the last note.

Can you confirm if these will make it into the Secretary's binder for weekend reading?

Thanks,  
Martin

**Importance:** High

Hi Martin, Hillary,

As you know, your ministry was asked by the SoC to prepare papers on certain topics that relate to various campaign commitments. The SoC's office has shared these with us and requested that several short 'implementation' notes be prepared, in addition to what has already been provided. In many cases, CO will be writing the notes based on current ministry materials; however, given the technical nature of your topics I thought we should discuss if that would be the right approach for your ministry.

The specific topics are as follows:

- Electricity rate mitigation – reduce by 30%
- Electricity rate mitigation – reduce by 12%

The turnaround time is unfortunately quite tight – they are needed by noon on Thursday.

Could you please give me a call to discuss?

Thanks,  
Karen
