Hi Melissa,

Thanks for flagging. We suggested a place holder LRC date however it's TBC and there is an opportunity to revise. Happy to discuss tomorrow.

Thanks!
Rebecca

Hi Rebecca,

I wanted to flag that Lucia has listed "MSW/MOL – Parental Leave (LEG) à NEW item" in her e-mail below (highlighted in green) and marked it against an LRC date in the new year.

I'm not sure that timeline is feasible, considering we are still seeking clarity on options. Have you and Karen already discussed/are you planning to make any edits to this table?

Thanks,
Melissa

Subject: Version 1 < 2018 Legs/Regs Items

Good afternoon,

Thank you for your teams' initial input on the Leg/Reg landscape for 2018. Attached is the culmination of our discussions today, hopefully reflected accurately:

- First page should be items where CO policy has a good idea of the item proceeding and its potential timing. These could be included in MYAP planning calendar for informational purposes only; however, most also need to be scheduled in Evista.
 - Note: I've included the LRC deadline at the bottom of each column.
 - Note: If the items are regulations that impact business, there is normally a 45-day posting period on the Regulatory Registry before LRC/Cabinet consideration.
- Second page is a bucket list, with items and/or timing of items still to be confirmed.

Please let me know if you have any changes/updates/edits over the next couple of weeks and we can do another quick check-in in early January.

Have a great holiday!

Subject: 2018 Legs/Regs Items

- a meeting will be set up on Tuesday to discuss with ECs, but please feel free to send me thoughts beforehand -

Hi Everyone,

Understanding that the time until the possible writ is coming quickly, the Deputy has asked for an overview of the leg/reg landscape from January to April/May. Building on the good work that James is doing with the calendar, I would like to populate the planning calendar with **potential bigger profile 2018 leg/reg items**. This will *not* be ALL items, simply leg, and regulations/OICs that either implement significant policy initiatives or recent government legislation.

There are 6 LRCs before the writ: 1 in January, 2 in February, 2 in March, and 1 in April. Ministries will need to work ahead to ensure that reg registry postings, etc. are done well in advance, as postings would most likely not be allowed after April (and they won't have venues for approval either).

To make your lives easier, I've done some research and kept my keep my eyes/ears open for potential items in MOSAIC, MYAP, in recent policy minutes, leg tracker, and looked through recent leg to see where proclamation is required. So here is my list with portfolio items grouped together, please add/remove/change as appropriate.

- MCSCS – Corrections (LEG) → *still to be scheduled in MOSAIC*
- MOL – WSIA/PTSD (LEG) → *still to be scheduled in MOSAIC*

February 20, 2018

- MGCS – EVs in Existing Condos (OIC, REG)

March 5, 2018

- [none]
