Subject: FW: Scheduling OFHP Regulations

Hi Martin –

Please provide DMO concurrence for scheduling OFHP regs for Cabinet on June 14. Additional details on protocol and why we're seeking DMO concurrence below.

HC

Subject: Scheduling OFHP Regulations
Importance: High

The word on the street is that the ministry's intentions are to go directly to Cabinet on June 14 with the proposed regulatory initiatives:

- Billing Requirements (SNAP)
- Social Programming (SNAP)
- GA Refinancing (ESP)

Staff are reaching out to me for tracking numbers that need to go on the ministry approval forms. In order to give them the tracking numbers I need to first schedule these for committee. When I schedule, Cabinet Office is automatically alerted. As such, internal ministry protocol is to have the DMO give the green light to schedule.

Can you please reach out to the DMO and see if I can proceed with scheduling?

Thanks

Andrea Pastori
