Subject: For review | Minister's statement | FAO's report on the Fair Hydro Plan

Hi all,

As discussed with a number of you earlier this afternoon, attached please find the draft Minister Thibeault statement to share with the gallery and any other interested media, following the FAO's media briefing tomorrow morning taking place from 9 to 10 a.m. in the Media Studio.

Please provide edits later today/this evening, if possible. You'll notice a placeholder in the statement that can be included (the paragraph in italics) depending on the direction opposition and media take with their statements and stories respectively.

Any questions, concerns – let us know.

Thank you,

James
