Here is the version that Ali reviewed and is comfortable with. Please note that I did my best to incorporate all of Brian's edits with some very minor copy editing to ensure things flow well and match the standard Budget tone. The only edits I did not adopt were due to factual inaccuracies or inconsistencies with how we communicate things in the Budget.

Again, I'm happy to go over the latter list if you like.

Hi Kelly,

Attached are two documents:

1. D12... (external pw) These are my proposed edits to the current version of the yellows, based on Brian's comments. Ron Kwan has signed off. I am going to send to Energy MO now for their input.
2. Electricity 2.0 (internal pw) These are my comments on the PO comms edits that I did not incorporate.

Happy to walk through the second document with you if that's helpful.

Best,

Marianne Nguyen
