Hi Martin, Waiting to finalize the note based on the final package. I made a few tweaks to the note based on the recent package, but still need to cross check against the final reg. Can you send me the sealed versions of all the regs?

Hi Tim,

I understand that the sealed regs will have to go to TB first for signature before they are passed along to CO.

Do you have a final note?

Thanks,

Martin

Thanks, Martin. As you know, this will mean that the item will be elevated to discussion. Send along the sealed reg once you are able.

Cheers

Hi Tim,

The final signed copies won't be available until tomorrow, as the Minister is not in town to sign until then. Attached is the final draft version of the materials though (the same as I had previously shared) and the final reg that will be sealed later this morning. As I mentioned on the weekend this includes a communications presentation for the advertisement that our MO would like circulated in the binders for Cabinet members.

Thanks,
Martin

Hi Martin:

Just checking in on if we are expecting to get the hard copies of the submission this morning in time for mail out (9am)? Are you also able to send over the final electronic copies to allow for final analysis of the submission against the CBN?

Thanks!
