Hey Hillary,

As requested at an LTEP briefing earlier this week, the IESO has provided ministry staff with baseline data for option "B+".

Let me know if you have any questions.

Subject: Option B+ baseline data

As discussed, please find attached the requested baseline data. The multi-ministry deck and assumptions document (referred to in the excel file) is provided for additional context. Note that we continue to refine the input assumptions/outlook and some of this may evolve further depending on the outcome of the various pieces of work currently underway (on OFHP, imports, etc).

Hope you have a great long-weekend.

Anthy
