Hi Anthy,

Attached is our revised outline based on the briefing we had this afternoon. I think most of the changes were for Ministry content. The one change for the IESO is that the modelling can now include OFHP.

Could you share the IESO deck for the multi-ministry meeting Tuesday next week? Let me know if you have any questions.

Thanks,
Hillary

Hi there,

Attached is an outline for the LTEP multi-ministry meeting that we'll discuss at tomorrow's LTEP briefing at 1:30pm. We can discuss revised timelines for a product after that meeting.

Thanks,
Hillary

Hillary, can you connect with Anthy on Monday to review expectations on this? Understood things are in flux.

David

Subject: LTEP Multi-Ministry Meeting

Hi Anthy,

We have our next LTEP multi-ministry meeting scheduled for Monday June 19th from 9:30-10:30am. We'll share the invite so you have it in your calendar. The agenda for the meeting will be as follows:

9:30-10:15am	Ministry of Energy LTEP Update
10:15-10:30am	Health Break
10:30-11:15am	IESO Supply and Demand Update
11:15-11:30am	Discussion and Next Steps

We would like the IESO to provide an early modelling update at this meeting. Could the IESO provide a product by end of next week for this meeting? I understand the content is a bit in flux, and there could be further direction today, so happy to stay in touch on what is doable as the modelling continues to evolve over the next week.

Thanks,
Hillary
