Hi again! Do you have a version of the Minute to share with us? We're getting close to print time and wanted to make sure we are all aligned.

Ok, we are finessing the TB note as well, minor changes, some updated tables, but Minute largely stays in tact. Will share with you asap.

Yes it is changing. Martha and Karen H worked on it a bit last night and there is a new version being discussed at MMP right now. Will send it over to you guys as soon as possible. Changes are in line with what tbs was asking for.

Hi! Not sure if the version from last night is the final final version?

Thanks
