Hi bharat

Karen gave direction this morning to make some changes in the minute of this draft, but we also need to do what we can to identify any comments we'd have to the body of the note. We need in particular to identify any accounting and vfm risks regarding the affordability fund, but if we see other opcd things, we can point them out

Will come chat with you

Subject: Latest version of Electricity TB/MBC assessment note

Hi everyone,

Please find attached the latest version of the TB/MBC assessment note for Electricity - this is the version that was just tabled at the meeting with Karen.

If folks can please review and provide us with any updates/edits this afternoon - that would be much appreciated. We will also be incorporating the various edits / comments that we just received from Karen - including revisions to the Minute.

Also sharing this with our MOF colleagues at the OFA and Office of the Budget.

Thanks,
Felix
