Sarah. Could you send Gary the cabinet submission and note and the TB submission on this file (from March 1).

Sent from my BlackBerry 10 smartphone on the Rogers network.

Thanks and apologies for the slow reply. This sounds like a good plan.

Karen

Subject: ERM and the Electricity File

Hi Karen,

Gary and I had a chance to talk about what the role of the ERM team could be re: the electricity file. We thought the best approach would be to mirror the pilot approach used with PEMD and pair someone from Gary's team with the analyst(s) from PEMD responsible for the TB submission that is now scheduled to the Board on May 1. To prepare for that, Gary's team would review the Cabinet and TB submissions from March 1, which would enable them to identify potential risk areas not addressed, etc.

Please let us know if this aligns with your thinking, and we'll get things underway.

Thanks,

Cindy
