---

Hi – I will loop in with our DMO and ENE. My understanding is that there were some working groups to be established out of the executive level weekly meetings, this is where Karen wanted staff deployed to support. That said, I have not seen/heard anything about these subgroups since a call a week or two ago between Karen/Helen/Serge. I follow up and get back to you tomorrow.

P.

Thanks Sarah for your response and for forwarding us the materials. I know it is a tough one. Talked to Patrick today as well. Hopefully we have the opportunity to contribute further on this important file.

Hi Sophie,

Happy to send meeting summaries when we draft them and materials we receive as appropriate, but I can't forward Energy's meeting invites.

Patrick, for CoE to be at the meetings can you please ask DMO to include them on the invite list?

Thanks  
Sarah

Hi Sarah:

Hope you are doing well. Looking at the materials, TBS (OPCD) is included in some working groups for a few energy initiatives. The Centre of Excellence for Evidence-Based Decision Making has been participating in the discussions as well. We have been

providing feedback on the CO and TB/MBC submissions and TBS assessment note. It is important for us to continue to be involved to provide the due diligence in assessing the fiscal impact and program effectiveness from the quantitative perspective. Can you please forward us materials you receive (or will receive) on these initiatives and include us in the meetings.

Thank you so much. Let me know if you have any comments/concerns.

Sophie

**Subject:** FW: Rate Mitigation Implementation Group

Hi there –

A weekly implementation working group has been set up on electricity mitigation. The first meeting was yesterday – materials are attached as well as a summary from Nadine who attended.

The initial thinking is this would just be for OPCD, but looking ahead it will be important to have representation from PEMD and COE to support this work. I'm going to forward the series to you both so you have it in your calendars and can work with Nina to determine a regular from PEMD to assist.

Schedule permitting, Karen is hoping she'll be able to attend some of these. Cindy/Nadine will continue on from OPCD.

Thanks,

P.
