This is fine – my only comment is we heard at the last weekly update that the TB date was May 1 – would be a special meeting just for this file and before the LRC meeting on this date. Not sure where May 9th is coming from.

Thanks,

Hi Cindy

Please see attached for a proposed agenda for tomorrow's rate mitigation OTB weekly meeting – any glaring holes that you spot?

Tomorrow is mostly a chance just to get people in the room together as there seems to be a lot of work in silos going on.

Thanks
Sarah
