I notice the dmo isn't on your email list. We need to get it to Scott in Europe as well.

Hi Everyone, here is a copy of the report. I understand that a copy of the report was also delivered to the Ministers of Energy and Finance this morning. A reminder that the report is confidential and embargoed until 9:00am tomorrow morning.

As I mentioned on Friday we are working on updating our summary note including key messages and Qs and As (which I've reattached). I will share the note for your comments and input asap once updated. We will need to turn it pretty quick so thanks in advance for your cooperation. Ryan will also follow up with your EAs as well.

Don't hesitate to contact me if you have any questions.

Subject: Next Steps - FAO FHP report

Hi Everyone,

I just wanted to give you a heads up on next steps with respect to the review of the FAO's report which we are to get an embargoed copy of on Tuesday in advance of the release on Wednesday.

The Minister of Energy has been tasked with leading the government's response to this report. My team is going to coordinate a summary note including some key messages to support a response as required. I've attached the most recent key messages and Qs and As we have on the FHP which you can update as necessary.

As soon as we receive a copy of the report, we will ensure that you have it and be in touch for input on the note.

Thanks very much in advance.
