Yes - I know Nadine and Helen have drafted some comments on it so we'll turn it into a note and loop in Pemd.

Sent from my BlackBerry 10 smartphone on the Rogers network.

P.s., there's a meeting with SoC on Monday afternoon so important that we get some eyes on it. I think it would be useful to draft a BN to support Karen and Helen.

Sarah – can I ask your area to take the lead on developing this with input from Felix and co. in PEMD?

Hi guys –

Any comments from the teams on this?

Thanks,

P.

Hi Helen,

I sent this deck to Scott and Gadi this morning. It's not intended to be widely distributed at this point. However, it would be helpful if I could get some initial thoughts, especially from an accounting perspective.

Hi,

Attached is a rate mitigation idea we've been asked to work on related to financing the global adjustment. Ideally, it would provide immediate rate relief without having a fiscal impact. The amounts are scalable but we've provided some illustrative numbers.

Serge
