It turns out, without my knowing, that my son's Hugh's company Allied Properties is in a joint venture with RioCan on a development of a rental property. I found out when Ed Sonshine sent me the model work he is sharing with Scott Nelms. This puts me clearly in a conflict position so I am excusing myself from all work surrounding rent controls.

**Subject:** FW: Enterprise-Wide FOI Spot Audit

This is a summary of the final report on the FOI spot audit. This arises from the investigation at MOECC regarding the manipulated FOI statistics. We then undertook to do an audit of other ministries as part of our engagement with the FOI Commissioner and the results and recommended actions will be reported to the Commissioner.

The audit revealed some irregularities and areas where training is needed in the other ministries, but nothing at the MOECC level. There will be follow up training etc across all Ministries.

Let me know if you would like a briefing on the results and next steps.

William

This looks great. Hillary and I met last week and we see lots of opportunity to collaborate to achieve the mandate outlined here. I am particularly keen to connect the TBS behavioural insights team with the digital group. We also bounced some ideas around about how to provide visible leadership for major change projects that are of a scope that could be called transformative. Worthy of a larger discussion when I'm not over the Atlantic and when we are all together.

Hillary,

I really like the memo. As discussed, I took a run at incorporating our discussion earlier today.

Please tweak as you see fit.
